EU	EU	European Health Insurance Card - EHIC		Link
ITALY	Montenegro	If you are resident in Italy or if you are a foreigner who is compulsorily enrolled, before leaving, you must ask your Local Health Authority (ASL) of residence for the certificate ex art. 15 of DPR 31 July 1980, n. 618. This certificate will be issued on sight, upon presentation of the following documentation: - documentation proving the ownership of the scholarship or internship and the passing of the selection process - photocopy of the ASL registration booklet or substitute statement of certification (art. 46 of DPR 28 December 2000, n. 445) - tax code or declaration in lieu of certification (art. 46 of Presidential Decree no. 445 of 28 December 2000).	For non-EU countries where bilateral agreements exist (for example: Croatia, Bosnia-Herzegovina, Macedonia, Serbia-Montenegro, Kosovo): you can take advantage of health care only if you fall into the categories and situations provided for by the agreement. It is therefore advisable to inquire at the Local Health Authority (ASL) before leaving and equip yourself, by filling in the appropriate application, with the necessary forms, which are different for the various countries	Link
